Description

--	--

Diagram illustrating a 1D lattice with 10 sites. The top site is dark gray and contains two white squares. The second site is white and contains three white squares. The third site is light gray and contains two white squares. The fourth site is white and contains two white squares. The fifth site is light gray and contains two white squares. The sixth site is white and contains two white squares. The seventh site is light gray and contains two white squares. The eighth site is white and contains two white squares. The ninth site is light gray and contains two white squares. The tenth site is white and contains two white squares.

The diagram shows a 4x4 grid of cells. Each cell contains a pattern of black and white squares. The patterns are as follows:

Row	Col 1	Col 2	Col 3	Col 4
1	Black	Black	Black	Black
2	Black	Black	Black	Black
3	Black	Black	Black	Black
4	Black	Black	Black	Black

The grid is composed of 16 cells in total. The patterns are as follows:

Row	Col 1	Col 2	Col 3	Col 4
1	Black	Black	Black	Black
2	Black	Black	Black	Black
3	Black	Black	Black	Black
4	Black	Black	Black	Black
